PROFILE

Experienced Senior Flutter Developer with **3.7 years** of expertise. Skilled in **Flutter**, **Dart**, **Provider**, and **Flutter BLoC** for cross-platform mobile app development. Proficient in leading projects, optimizing performance, and embracing new technologies.

WORK EXPERIENCE

Consultant

Invenics Services India Pvt Ltd.   May 2023 - July 2024

apna AI (AI Assistant)

- Created a clean, intuitive, and responsive UI for **apna AI**, ensuring a seamless user experience across different devices and screen sizes from **Figma designs**.
- Utilized **Flutter Bloc** for efficient state management with **clean architecture**, ensuring smooth and reactive data flow within the application
- Integrated **voice recognition** and **speech-to-text** functionality to enable hands-free interaction with the assistant, enhancing user accessibility and convenience
- Worked closely with backend developers to **integrate APIs**, ensuring secure and efficient communication between the app and the server.
- Integrated **HIve Db** for offline app access.
- Implemented real-time updates and **push notifications** to keep users informed about important events and responses from the AI assistant
- Optimized the app's performance by minimizing load times, reducing memory usage, and ensuring smooth animations and transitions
- Added **Firebase OTP**, **Google SignIn** & **Apple SignIn** for user authentication.
- Helped team to **publish** and **update** apps on **Google PlayStore** and **Apple AppStore .**

Flutter Developer

Indbytes Technologies Pvt Ltd.   Dec 2020 - May 2023

KidsBuddy (Educational app for children)

- Created attractive and user-friendly interfaces with vibrant colors to enhance the experience for children
- Integrated multimedia features like **animations**, **sounds**, and **videos** to enrich learning and make it more engaging
- Introduced **rewards**, **badges**, and **leaderboards** to inspire children and drive their learning progress.
- Utilized **Provider** for efficient state management with **MVC architecture**, ensuring smooth and reactive data flow within the application
- Enhanced app performance for seamless operation, reducing loading times and ensuring responsiveness
- Added **Firebase OTP** for user authentication.
- Learned to **publish** and **update** apps on **Google PlayStore** and **Apple AppStore**

Programmer Trainee (Java, Postgres)

Bayasys InfoTech Pvt Ltd   July 2019 - Sept 2020

- Worked as trainee for live ERP projects
- Client visit for POS implementation
