BCA

Union Christian College, Aluva

2012-2015

PROFILE

Experienced Senior Flutter Developer with 3.7 years of expertise. Skilled in Flutter, Dart, Provider, and Flutter BLoC for cross-platform mobile app development. Proficient in leading projects, optimizing performance, and embracing new technologies.

WORK EXPERIENCE

Consultant

Invenics Services India Pvt Ltd.   May 2023 - July 2024

apna AI (AI Assistant)

- Created a clean, intuitive, and responsive UI for **apna AI**, ensuring a seamless user experience across different devices and screen sizes
- Utilized **Flutter Bloc** for efficient state management with **clean architecture**, ensuring smooth and reactive data flow within the application
- Integrated voice recognition and speech-to-text functionality to enable hands-free interaction with the assistant, enhancing user accessibility and convenience
- Worked closely with backend developers to integrate APIs, ensuring secure and efficient communication between the app and the server
- Implemented real-time updates and push notifications to keep users informed about important events and responses from the AI assistant
- Optimized the app's performance by minimizing load times, reducing memory usage, and ensuring smooth animations and transitions
- Actively participated in identifying and fixing bugs, ensuring the app's stability and reliability through regular updates and maintenance.

Flutter Developer

Indbytes Technologies Pvt Ltd.   Dec 2020 - May 2023

KidsBuddy (Educational app for children)

- Created attractive and user-friendly interfaces with vibrant colors to enhance the experience for children
- Integrated multimedia features like animations, sounds, and videos to enrich learning and make it more engaging
- Introduced rewards, badges, and leaderboards to inspire children and drive their learning progress
- Utilized **Provider** for efficient state management with **MVC architecture**, ensuring smooth and reactive data flow within the application
- Enhanced app performance for seamless operation, reducing loading times and ensuring responsiveness
- Secured the app for reliability and safety, establishing a trustworthy educational environment for children.

Programmer Trainee (Java, Postgres)

Bayasys InfoTech Pvt Ltd   July 2019 - Sept 2020

- Worked as trainee for live ERP projects
- Client visit for POS implementation
